

- Glutathione has been called the strongest antioxidant. Glutathione neutralizes free radicals, minimizes tissue damage, helps regenerate cells and rejuvenates them. The most important cause of aging is oxidation. Scientific studies has been determined that it has a strong anti-aging role.
  - The hydrogel mask is made of natural vegetable polymers with a structure similar to the structure of our skin. This unique formula, improves skin texture, smoothes wrinkles. The skin thus regains its elasticity and radiance. Beauugreen glutathione hydrogel mask has excellent adhesion, gives essence to all parts of the skin, and does not allow the essence to flow.
- 
- Protects skin from oxidative stress.
  - Stimulates epidermis layer on the skin, regulates blood circulation and reduces the effects of aging.
  - Helps to whiten the skin by preventing the pigmentation change that occurs as a result of the decrease of melanocytes in the skin.
  - It gives elasticity to the skin by removing superficial skin laxity and wrinkles, which are caused by the loss of elastic fibers in the skin due to age.
  - Shows anti-inflammatory effect on skin.

Properly stick the upper and lower parts of the mask on clean skin. We recommend waiting 20 minutes.
